Based on existing literature, it is unclear how often procedural sedation is applied in forensic psychiatric examinations. This meta-analysis investigated the effectiveness and safety of procedural sedation in forensic psychiatric examinations. A literature search was performed in PubMed, Web of Science, PsycINFO, ERIC and Google Scholar. Studies were eligible if they reported the use of procedural sedation in forensic psychiatric examinations and described outcome measures. The effectiveness was assessed by the level of cooperation and the quality of the examination. Procedural sedation was found to be safe, as there were no complications and no deaths. Procedural sedation was found to be effective in almost all studies. Procedural sedation showed satisfying effectiveness with a high level of cooperation.Q: Vim: How to use markdown in text files to make syntax highlighting? I know I can markdown files in vim to use as.md. I want to markdown some text in the actual files to have the same effect as see below. .
