Aprender A Leer Con Pipo Vol 1

The PDF that I downloaded looks as it is supposed to be. My question is, how do I get the same result I see on the image attached (The English word with the accent on the second letter in the word) from the button on the image? A: Perhaps the PDF isn't actually UTF-8 encoded but some other way of representing the characters. Since you're using PyPDF2, which is a very simple wrapper around the PDF API, you should be able to try to decode the file on disk, using something like this: from io import BytesIO from pdfminer.pdfpage import PDFPage from pdfminer.pdfdocument import PDFDocument pdf = PDFDocument() with open(input_file) as f: pdf.decrypt(f) page = PDFPage(pdf) pdf.copyPage(page) content = page.getPageContent(format='text') output_file.write(content.encode('utf-8')) If that works, you'll get a string representing the PDF in UTF-8 encoding. ST. LOUIS – Christian Lucatero will return to the Blue Jackets in 2013-14, a familiar face once again to coach John Tortorella. Lucatero, a free agent after a one-year deal, has agreed to a one-year contract that will pay him \$750,000 in 2013-14, the Blue Jackets announced Wednesday. He spent last season with Tortorella and the Blue Jackets, helping them win their first playoff series in seven seasons. In four seasons with the Blue Jackets, he's has been the club's backup goalie behind Steve Mason, going 14-13-8 with a .904 save percentage and 1.89 goals-against average. He had 14 wins in each of the last two seasons. Lucatero, a seven-year NHL veteran, appeared in 31 games this season and had a 4-3-0 record with a 1.85 GAA and a .920 save percentage. His career record is 49-33-10 with a .904 save percentage and 2.38 GAA. He spent five of the past eight seasons with Columbus, not counting the lockout-shortened 2011-12 season when he split time with Steve Mason. In total, Lucatero has appeared in 662 games.
