Mother's Day Slide Show

Highlights: Great time saver tool, easier than using Multimedia Presentation software

Some of the fun features include a background change, a slideshow with an option for repositioning the pictures, and the ability to add ringtones, movies and music files. You can

also add text and a custom logo. The application also has various options to display the pictures. You can set the slideshow to loop, select from various song and screen saver options and make changes such as changing the background color and image size. You can also alter the brightness and contrast of each slide. Plus, you can set individual slide hotspots so you can customize the viewing and adding of the picture. The app can automatically add a voiceover to your slideshow, complete with backgrounds and music if you wish to use it. When you save the presentation, you can select the method you want to export the slideshow. It also offers the choice of a wide screen format, widescreen format or Standard format, as well as an option to specify the audio format you want to use. Alternatively, you can save the slideshow to CD-ROM or DVD. Although the manual

leaves a bit to be desired, the software is easy to use. Even experienced users should have no problems creating a great presentation.
