Francisco Hidden Gems of San

Francisco The Pearl District In

the beginning there was nobody

here. Nobody. Just a few

befuddled islander rats, turned

feral by the weather and the salt

air, who dreamt of a better

tomorrow. They slunk through

the ruins of the city, catching rats in the alleys, and burning a few here and there. In doing so, they created a special place in their minds.

The json file is passed to the function as an argument. If the argument is not provided then the json file is requested and the argument is obtained from the return value of the request. If the json file is provided as the argument then it

is loaded into a variable and the variable is passed to the function.

```
# Loads json file. load-json() { if  
    [[ -z "$1" ]] then return  
    "" { "name": "hall_one", "sizeX":
