## ARIA Free Download [Mac/Win]

ARIA – the ultimate DJ, Video Jockey and Karaoke application. Turn your music into a DJ Mix with your touch, and play and mix them with a mouse or a touchpad. Create your own super cool videos with AVI, MP4, MOV, DVD movies, and post them to Facebook and YouTube with a touch of your finger. ARIA is the best tool on the market for Karaoke, Music, and Video mixing. The ultimate Mixing experience with easy to use windows style UI, and most of all, the only DJ Mixing software where you don't need a computer, mouse or software, all you need is your finger, and the touchpad of your laptop. ARIA Features: · The best music player with a touch screen that looks great, and plays your music exactly how you want it to sound. · Super easy to use DJ mode that makes it easy to mix music with a mouse or a touchpad. Set the key to match the sound of the song to make it sound just like a karaoke song. · Supports some important music formats, MP3, WMA, FLAC, OGG, AAC, AC3, and many more · Plays and stores multiple Karaoke files for easy playback, and purchase songs from the built in Karaoke store · Supports most media formats, including AVI, MP4, MOV, DVD and more · Store and manage hundreds of audio and video files on your hard disk, easily browse through them and play them in just a few clicks · Complete video mixing system, and supports both 3GP and MP4 videos · The ultimate mixer for Karaoke, Music and DJ mixes · Supports most popular social websites, including Facebook, YouTube, MySpace, and even Flickr · Play the video you want from any website, including YouTube, Vimeo and Hulu · Supports various tasks such as FTP, S3, and HTTP file transfers · And much more! Some additional functions available in ARIA: · ARIAK, the latest and fastest karaoke player for Windows XP, Vista, 7 and 8, allows you to store and play your karaoke songs in the Karaoke store that you can easily share to your friends and family · Karaoke song sharing and transferring with a simple FTP or S3 connection · ARIA Record, from your songs to your device with one click, lets you save your music to microSD card, iPod, Apple TV,

## What's New In ARIA?

Create a fully featured iDevices Karaoke experience right from your computer. With the Aria Karaoke Player you can use your computer to create your own Karaoke mixes from your own media. Create a Karaoke CD of your favorite songs. The Aria Karaoke Player allows you to take any song, change the key and change the speed. This is the ultimate way to have complete control over your Karaoke experience. The song can even be played along with any video or photo on your computer's screen. This gives you the ability to use your computer as an iDevices music player, while still creating custom Karaoke mixes and burning your own Karaoke CDs. Dance it up! Mix and play music while dancing, with the new DJ MODE in Aria. Load any song and change the tempo and scale to match your party mood. Download and store your own DJ mixes too. Make your own customized music videos and have fun doing it. The Aria Karaoke Player lets you easily mix clips from your favorite movies and TV shows with your own music. Simply drag and drop them into the player, select the songs and effects you want, and watch them play along with your own music. As a bonus, you can even record your created videos and burn the mix to your own CD or convert it to MP3 for the road. ARIA's built-in Karaoke music store allows you to legally download high quality MP3 music from the iDevices Music Store. Free Karaoke files are also available to download directly from iDevices.com. Features: Karaoke - Mix, scratch and record your own karaoke songs to burn to your own CD. Or you can download karaoke files from the iDevices Music Store right from your PC. DJ Mode - Use your mouse or laptop's touchpad to step through your music like the DJ you always wanted to be. Mix and scratch your own media, or simply mix a pre-loaded CD. Scratch Mode - The SCRATCH MODE enables the user to play back his/her music as well as DJing. Or simply load and scratch a song from your CD collection. Effects - In DJ MODE, add visualizations and other effects to your playlists to spice up the party. Auto Mix - Keep your party going all night long with the built in auto DJ. Simply load your preferred CD and your music mixes will automatically shuffle and mix for you. Background Music - Listen
