WELCOME to The OMEGA Fellowship! The Fellowship provides a safe online community dedicated to helping people who struggle with their Addiction to Pornography and Helping Former Porn Stars Get Back on Their Feet One of the most rewarding things a woman can do for herself is to start the recovery process of her addictions to porn and masturbation. It's vitally important for a woman that has engaged in the compulsive, abusive, destructive habits of pornography and masturbation to relearn that they do not define her life. In a very real sense, she has nothing to be ashamed of if she wants to do the work to stop her old habits and replace them with new ones of greater health, happiness and balance. We have made a commitment at the Omegaseries that we will offer a safe place where former porn stars and those with pornography addictions can get back on their feet. An addict can get back on her feet by learning to live without pornography and masturbation and by working hard towards getting into a healthier relationship with her partner and others in her life. We've made a difference in the lives of a lot of women who have gotten back on their feet and a few are so glad that they got help to do it! Our core mission is to help people who have been involved in the world of the sexual exploitation industry to relearn life. We believe that no life is worth living if it doesn't include peace, wholeness and health. We want to help those in the industry of the sexual exploitation industry to live a life worth living. Recovery is a process of change and it takes time to make that happen. That's why we've made a commitment to help men who are struggling with this issue to get their lives back on track. A lot of men have lost everything to their addictions. They've wrecked their marriages, lost their jobs, even lost their lives. They are realizing that they are worth more than what has happened to them. They have a responsibility to rekindle life in their own lives and to the lives of those they love. We are here to help them get started. We've put in a lot of time, effort and money to create an online support group that works for former porn stars and pornography addicts. This is a great place for them to meet women who understand where they're coming from. Some people think that "Women in Porn" are the only ones that understand the reality of being involved in the porn industry. We know that there are many women involved in the porn industry who are struggling
