Patch. Tommaso Sciarrone
Tommaso Sciarrone (born
April 27, 1983) is an Italian
professional baseball
pitcher who is currently a
free agent. Career Italy

Sciarrone began his professional career in 2001, playing for the Piemonte team in the Italian Baseball League. Italy team He made his debut in international play in 2006, playing for the Italy national baseball team at the 2006 Central American and Caribbean Games, held in Veracruz, Mexico. The Italian squad won the silver medal in the tournament. Sciarrone pitched two

innings in the tournament,
striking out two batters and
allowing two hits.

Professional career

Sciarrone signed with the Red Sox for the season. His best outing came against the New York Yankees at Fenway Park on July 7, 2007. He pitched the first 6 innings, allowing three hits and striking out three batters without allowing a run or a walk. The Red Sox released Sciarrone on May

14, 2009. On March 16,,
Sciarrone signed with the
San Francisco Giants and
the Los Angeles Dodgers.

2.20.0.218Â .Q: Can't get all urls from a website I'm new
to Scala. I am trying to crawl the urls of a particular
website. I am using the following code :- import
scala.collection.JavaConverters._ import java.net.URL
import javax.swing.text.html.HTMLDocument import
scala.util.parsing.combinator._ object PrintUrl { def
main(args: Array[String]): Unit = { val thtml :
HTMLDocument = HTMLDocument.load(args(0)) val doc
= thtml.all.head val urlArray : Array[String] =
doc.head.selectNodes("//a[@href]").map(_.toString())

```
print(urlArray) } } But I am getting an error saying :-
Informazioni: non localhost scala> object PrintUrl { | def
  main(args: Array[String]): Unit = { | val thtml :
HTMLDocument = HTMLDocument.load(args(0)) | val doc
  = thtml.all.head | val urlArray : Array[String] =
  doc.head.selectNodes("//a[@href
