Trine is the award-winning platform game franchise developed by Frozenbyte since 1999. Trine Enchanted Edition is a real-time action-platform game with rogue-lite elements. The player takes on the role of the three heroes: Amadeus the wizard, Zoya the thief and Pontius the bard. Their adventure begins as the villainous Pontius casts a spell that turns the trio of heroes into pigs. To get back to their normal form the players must use the magical Belt of Trine, which can be found in the single-player campaign. Now, almost 19 years later, Trine is back with Trine Enchanted Edition! The sequel to the first ever Trine game, Trine Enchanted Edition is a real-time action-platform game with rogue-lite elements. The player takes on the role of the three heroes: Amadeus the wizard, Zoya the thief and Pontius the bard. Their adventure begins as the villainous Pontius casts a spell that turns the trio of heroes into pigs. To get back to their normal form the players must use the magical Belt of Trine, which can be found in the single-player campaign. Things, however, are not so simple and now the heroes must go on a quest across the land to find the answers to their questions, as well as learn more about Pontius' origins. Are they no longer just three pork-themed heroes? Can they defeat the evil that lurks in the shadows of each kingdom? Key Features: Classic Trine feel

- This is more than just a port of the original game. The controls have been updated for the touch screen interface, the arcade feel has been recreated from scratch with new features for the player.

The game is designed as a real-time action-platform game with rogue-lite elements. The player takes on the role of the three heroes: Amadeus the wizard, Zoya the thief and Pontius the bard. Their adventure begins as the villainous Pontius casts a spell that turns the trio of heroes into pigs. To get back to their normal form the players must use the magical Belt of Trine, which can be found in the single-player campaign. Three heroes

- Each of the three heroes have their own strengths and weaknesses. Pontius is the slowest of the three but he has a long and powerful range. Zoya can also wield daggers and throw them at enemies, and Amadeus can use

Image Art: Play the Game : Pocket Watch Facebook page: Drop us an email at: KomuroPW@gmail.com Hey. I tried to skip every black object and it didn't work. I got the idea from the Pokecult episode of Three's Company. Welcome to my youtube channel. I hope you enjoy it. If you watched the whole video, you would know I couldn't find out how to skip every black object and I managed to finish the game on my own. Have a nice day. Do you want to see my video on Super Mario Galaxy 2? click here and do you want to see my video on Pokemon Y? click here A boy with a diary is kidnapped and taken to a world that transcends time and space. Strap into the “Cargo” with him, and you’ll explore a surreal and impossible place where you have the ability to control the time of any event on an island of islands. Watch the powerful but nimble cargo dragon go on wild adventures, fulfill quests, outwit and outsmart mad scientists, and battle both real and imaginary beasts. Every day is a brand new story, where you must balance adventure, exploration, and danger to find the best outcome for your future. A one-of-a-kind world that extends in every direction, and where everything is at your command! New game every day! I'll never forget the day I first wrote the word "Querent." I was nine years old and I was playing
