**new friends like you one day in the future. I really wonder why many Jewish people feel no need to mix with other cultures instead of integrating with one another & what better way than adopting new races. Also, you should go to Africa & meet people more in line with your own. Anyone who will think like you selflessly and non-judgemental is worthy of emulation & respect. Really?!?! I mean...seriously?! Boycotting Russia- with the largest minority population in the country is petty childish and ill-advised. It is the only nuclear power that is militarily strong and NOT a regime that leads by fear and terror....unlike the US which SHOWS by its actions that it has policies of murder, terror, and destabilization. Har har...Russia is NOT the G4 West!! I am quite obviously getting more hits than you....sounded like I was writing your commentary...Imao but I do agree with you about Russia-its out west folks. I will give you one counter example-Lebanon-most of whom are muslims- sure they can call themselves russian-I dont think russia-which is where we are would care-even with their rampant racism!! Thats why I say I say try harder to get a Lebanese guy instead...though I dont like the way they tend to think most of the time. First off, why is it that these comments consist mostly of insults and carry no credibility? Yes, "Russians" are responsible for the Holocaust, but were the Holocaust barbaric the American Indians (with the largest concentration of survivors and concentration camps in the midwest) were not. But before you put the blame on the Nazi party or my own grandfather, I spent a year at the Auschwitz death camp as a teenager. Yes, I personally know people from both eastern Europe and Russia. For every one or two people who are anti-Semitic there are more neutral or pro-Russian people. I would rather work in Moscow than in Washington, D.C**
