The first thing we noticed about Steel was the extreme difficulty. It's like you have to do a 70-50-50 runback at the gym every time you get close to winning, or the session is a loss. It's very different from normal. The second thing we noticed was Mike's willingness to try new things. He has built his game around those heavy weights. As I'm watching Mike doing his pull, I

Worked all day on it and didn't get much sleep over the weekend. I've been doing the first Steel Titans character design and expanded into the second set of characters. Amazing what you can do by going to sleep at 3AM after having a few beers. Franklin Steel if you want to call him, is the leader of the steel trucked knights.... or could be the vocalist or guitarist or drummer I'm not real sure yet, he is the only steel titan that has a face drawn on him. I usually don't draw faces but he was tough because of his moveable face and totally non traditional sculpt. This is probably the most difficult and time consuming job so far for me....
