In March 22nd, 2020 ELDEN RING is updated to 1.17.0, Bugfix and improvements! It's a skill based RPG action game created by!FEEL3D! Story creation is more important than anything else. We have done much more than trying to create a beautiful RPG game. Story creation

is a huge challenge for any RPG game; however, there is a method to make the story flow that will get players involved. Our characters are forged in the fires of Fate. They have their own past, present, and future. Your role is to show the world a person that has lived through hardship, but still lives with confidence. A new life given to you by the power of the Elden Ring. A life to awaken the powers of courage, determination, and strength. This is the story of ELDEN RING. A Fantasy Action RPG made by!FEEL3D! The first steps of a new journey will also be the last. I will not make you worry any more. **Sound and Music 7 Graphics 7 Variety 6 Originality 8 Replay Value 6 Was it worth the wait? 7 I'm really digging this game. It takes some time to get going, and the deeper you go, the more ridiculous things happen. Not like I expected a JRPG style game to be super deep and complex. I think this may be one of the most enjoyable games I've played in a while. ButterflyCadet**
