Athens, Greece – June 10, 2018 – The Kingdomsmen, a developer of fantasy games aimed at adult enthusiasts, is announcing the launch of a fantasy action role-playing game where players will become ELDEN Lords in the Lands Between. The game, titled Elden Ring, was developed based on the mind of the creators' in-house writer and illustrator, Lucas. Elden Ring draws players into an epic story full of twists and turns that will leave them begging for more. What is Elden Ring? Elden Ring is an action RPG fantasy role-playing game that follows the story of a young man named E-tarn. A descendant of the people that gave the world a name, a magic is coming in that will determine the fate of the world. Your story will take place between the Lands Between, that connect the world of the Elden Ring to others as players travel. When you acquire the power of an Elden Lord, a powerful Tarnished weapon becomes yours. Among the dark magic that corrupts the Lands Between, there is also a power that turns people's hearts to darkness. In the game, players will see the story based on the custom illustrations of the game's writer and illustrator, Lucas. Following a connection to the Lands Between, players will encounter a dark and endless forest known as the Endless Stair. Based on the character creation system that is based on the ancient art of China, players will fully customize the body they will use in the game. After completing the evolution of your body, you'll have the opportunity to merge it with a chosen elemental suit to create a special weapon to combat the monsters that control the Lands Between. While on the path to the Endless Stair, adventurers will have to battle monsters and complete quests that will help them advance. What is the Endless Stair? The Endless Stair is a forest that spreads in the Lands Between. The forest is dark, heavily populated with monsters, and it contains a number of doors that lead to other worlds. The forest is controlled by a powerful magic known as the Endless Stair. Monsters and dungeons in the Endless Stair will come to life as you open the door to different worlds that are available to the adventurers. Players will meet a mysterious man named Askar in the Endless Stair, and he will leave them a message on a stone tablet that contains the story of the Elden Ring. As the story progresses,

Elden Ring Features Key:

Key Features

- A SYSTEM THAT COOLS YóR DŒN PUBLIC Elden RÔN
- EXPLORE ÓRÓ NYMALÔ Self-explanatory, but for those who chose not to read: You start your adventure away from other adventurers in new areas, and have the opportunity to experience quests with a fresh-faced character.
- RESPECT ÓRÓ DAI! The danger of an expedition increases at the character level, but, the player gained experience at a rapid pace.

Skill System Become powerful in the different areas of exploration, and arm your people with the heroism needed to defeat the unique foes that emerge.
Account System Settle by the seaside and become a good example to other adventurers. When you defeat enemies, experts will gather information about them.
A Multitude of Powers The nature of the Lands Between is reflected in the visible effects that your action causes. You can now customize how your blood flows with a variety of power skills: you can make your eyes blast and your skin boil.
Adventure System The world of Adventurers bring a diversity of new classes, improved weapons and talents to increase the excitement of combat.
Break From Regular RPG This is a "new thing" for the RPG genre, perhaps similar to that of ancient Norse mythology. So-called runes are used for communication (such as for defensive skills or offensive skills), so the game is something new for the adventure game genre. With it, you can seize the world!

  - **Please make sure that you have canceled already downloads before starting the download.**
- **Once download completed, extract the downloaded contents and run the setup file.**
  - **Follow the instructions on the screen to install the game.**
  - **If the game is installed correctly, Double-click the Crack-FIT.bin file from the crack folder to start the game.**
  - **To enable the online features, please click on the switch on the main menu.**
  - **Enjoy the game!**

New Features:

A deeper world

A deeper world where strange, sexy, and powerful monsters haunt the Lands Between and give you a distant, mysterious feel. You will enter a world where dangers lurk around the corner and timeless sorrow awaits you. Relish the delicacy and charm you encounter in this world, expressing your feelings using voice or through battle. Innumerable intriguing changes and thrilling events await you.

A grander fight

When heroes fight with swords, they may swing their weapons to the right and left or up and down. Moreover, they may perform beautiful sworddance combinations while holding up two or four swords at once. If you are about to attack, you may use a short or quick strike. This dramatically different way of fighting will give you a new sense of pleasure in battle.

A seamless mix of fantasy and RPG

The fantasy elements create a new panorama of your development and character… and summon the thrill of grander trials. To create a great battle, it is important to play your way and find your place on the battlefield. Drive your character by stimulating your imagination through your unique emotions!
