With real-world movement data, collision information and footwear information, players react in-game to the movements and actions of opponents, providing an improved ability to identify and react to opponents’ movement on the pitch. During gameplay, players can also perform real-time 360-degree movements, meaning they can demonstrate full-body movement, while running, jumping, tackling and sprinting. Overlay graphics displayed on-screen show the exact body movement of the player, helping players to control their body and movement more naturally in-game. Along with the addition of new animations, the in-game Player Impact Engine (PIE) has been improved for increased artificial intelligence (AI) based on in-game results. AI will use information gathered from PIE in football matches to determine whether it should alter its decisions in real-time based on player moves and actions. FIFA Soccer Matches: A New Competition FIFA Soccer matches have been designed with the ultimate stadiums in mind. While stadiums are not part of the game’s core, there will be new stadiums included in game. Some of the stadium designs will be new designs and others are stadium locations from around the world. Features Key:

- FIFA 22 is the most realistic and authentic football experience ever created. The new HyperMotion Engine delivers superior ball control, ball physics and a player model that truly delivers unprecedented responsiveness.
- **FIFA Ultimate Team.** Add your authentic heroes from real-life into FUT and build your Ultimate Team of footballing superstars. Mix and match iconic kits, create your ideal training session with FUT Live and dominate the moment with the action-driven FUT Draft Mode. Play from your moment in the spotlight right through a cup final.
- New All-Stars mode. Play FIFA on home turf in an all-star side, or go head-to-head in All-Stars knockout mode to win a highly coveted All-Star jersey. All-Stars also features a reworked AI, with more dynamic and responsive, calling for your teammates more to facilitate giving you that perfect pass.
- 64-man squad. This season’s squad is the largest in-game squad size to date (25 players previously). Plus, all players have been reworked, meaning players more closely recreate the actual in-game experience. Now on to your goalkeeper...
- Move the goalkeeper and 4 defenders to decide which team is attacking. Our unique optimised 4-4-2 formation also maximises handling and passing range, allowing our players to move and create even when outnumbered.
- **El Clasico.** Join Sergio Busquets and lead Barcelona to glory against Madrid in this brand-new matchday.
- **Easier customization.** Configure controls more easily, with options that range from how many training ground challenges to how many categories to keep in each mode.
- **Pinpoint penalties and red cards.** Score against opponents, whether they’re A Squad or B Squad, just like in real life. Adding to the most realistic gameplay to date, our new Time-To-Intervention measurement tracks exactly how long the referee has to give a penalty and show a red card.
- **Player reaction and commentary with Louis-Jean Rene.** Get to the heart of the action as the best FIFA commentators pull no punches.
- New Speedlines help you control the

Created by EA Canada, FIFA is the world’s most popular and authentic football video game franchise. With each new FIFA game, EA Canada continues to improve the in-game physics engine and the visuals, while adding new features, such as improved control, new gameplay mechanics, the return of iconic clubs, and newly licensed teams. Each FIFA game features a new worldwide roster, with new players, new kits, and new stadiums, allowing for the deepest, most immersive football gaming experience. I’m new to FIFA – what should I do? Sniper Training In the Sniper Training mode, players can play against AI-controlled enemies using an array of weapons, such as a sniper rifle, machinegun, and rocket launcher. In this mode players can try out the different weapons, and master different shooting techniques. Season Ticket & Team Variety This year we’re giving gamers the chance to build their Ultimate Team with more Team Variety. As a new addition to FIFA Ultimate Team, managers will now be able to collect players from multiple clubs, instead of just one. This means that you can build your team, and really customise your clubs – giving a wide range of player options, including those from other sports, such as Formula 1™, for example. The transfer window has opened – what do I need to do? Transfer Market The transfer market has been revamped for Season Ticket and Team Variety. Players can now be controlled via a new transfer window, which allows you to make offers and bid on potential players. Show your favourite teams who’s boss! Training In Training Mode, there are new training goals, new behaviour systems and new pass maps. Retrieve your missed passes and avoid the fouls – it’s all in the game! New Scouting system With the new Scouting System, Scout Offers are now more realistic. Players will now only be offered to you if they fit your desired position, and if you’re really serious about completing your transfer, you’ll be offered players in exclusive circumstances. As always, you’ll get the chance to complete your scout offers on a tiered basis – so you can end up with the right players, at the right time – and for the right price. Over 30 leagues, more than 100 clubs FIFA Ultimate Team features the most clubs bc9d6d6daa
