Sam/Chris and Friends and I spent last week in Singapore. Sam went for the first time. He really enjoys the food, the airport, the shopping, the people (and cats) and the transit connections (and public toilets). On a personal note, Sam was shy about the camera and thought people would be mad at him, so he took this photo to me to show me what he did![Epidemiological characteristics of chronic pancreatitis in the Republic of Dagestan]. Characteristic of morbidity, prevalence and distribution of the main risk factors of chronic pancreatitis in the Republic of Dagestan were analyzed using data of the All-Union State Registry of Chronic Pancreatitis in 2007-2010. The analysis of the data revealed an increased morbidity among the population of Dagestan, especially among males. It says "E: Failed to fetch 404 Not Found [IP: 91.189.92.192 80]" I tried changing sources and tried some others. The same for security. Other than that it seems to work. EDIT: I am now not getting any error. But still no updates. And apt-upgrade doesn't list any new updates for me. EDIT2: I had to connect to wifi. A: You can solve this in two ways Method 1 Just update the repository list. sudo apt-get update the pa that you are using 1cdb36666d
