■Type : Designed to be easy to create as well as consume.Create an incredible experience that is better than what your imagination can create. ■Status : Coming Soon ■Price : Free ■Visit Website : ■Streams : The content in videos and screenshots on this channel is hosted by Amazon Studios, therefore it is licensed under their standard YouTube License. The robot avatar in the screenshot is created by Roblox and is under their own license available here: Roblox is an online game platform and game creation system developed by Roblox Corporation that allows users to program games and play games created by other users. Created by David Baszucki and Erik Cassel in 2004 and released in 2006, the platform hosts user-created games of multiple genres coded in the programming language Lua. For most of Roblox's history, it was relatively small, both as a platform and a company. Roblox began to grow rapidly in the second half of the 2010s, and this growth has been accelerated by the COVID-19 pandemic. Roblox is free to play, with in-game purchases available through a virtual currency called Robux. As of August 2020, Roblox had over 164 million monthly active users, including more than half of all American children under 16. Although Roblox has received generally positive reviews from critics, it has faced criticism for its moderation, microtransactions, and exploitative practices directed toward children.
