photography and rendering with vray -.rar I want to use PhotoShop with Vray, but since I'm new to this field, it's difficult for me. How can i do this? Please let me know When creating a project in Vray and selecting files in Photoshop, you will see a pop-up window asking "Which editor are you using? Â» You will be presented with a list of available editors. You won't find Vray on this list. However, you can choose Photoshop as the editor you will be using.
